

SCANNING SERVICE™

hassle-free photos in a matter of seconds

SCANNING SERVICE™

Heritage Makers scanning service makes it possible to put all photos onto the computer and straight into Studio so you can build beautiful projects you can share with your family for years to come.

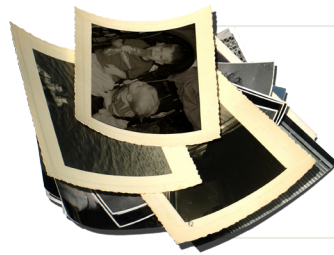

Scanning Provides:

- Peace of mind knowing your photos are safe from fire, water, and other dangers.
- An easy way to share your photos with all of your friends and family.
- A simple way to get your photos onto the computer and ready for your projects.

"Heritage Makers is a dream come true for me and many of my consultants. We have a product and service that we can be passionate about, leadership that inspires our confidence and loyalty, and timing that means an unparalleled opportunity."

—Virginia Dixon

GO AHEAD, START SCANNING TODAY!

When you offer scanning services, you support your entire HM business...while bringing in a significant income. Visit your Virtual Office for more details.

SAVE TIME AND MONEY

With HM Scanning Service, you can back up and protect photos from damage. Plus, photos can easily be shared with friends and family. Your photos are ready to be uploaded into Studio and made into beautiful storybooks and projects.

With traditional flatbed scanning, you could spend as many as 6 hours to scan 100 photos. The same amount of pictures can be scanned with HM in only 20 minutes! That's a huge time difference. The more you scan, the more time you save. In fact, if you scanned 1,000 pictures, you would save more than 62 hours!

Plus, HM scanning service will save money.

Number of Scans	Cost
0-99	\$.39/each
100-499	\$.29/each
500+	\$.19/each

Plus, take advantage of this amazing Fall special: Scan 250 photos and get a FREE month of Premier!
